Thought for the day

Bodily hunger and thirst are easy to recognise—we feel them directly. The deeper hungers can take longer, especially in our “culture distraction” where there is so little room for reflection and real conversation. These hungers are just as real, of course, and call for recognition and response. But the first step is really awareness and attention to the hints and nudges life provides.

Prayer

*You have formed us for yourself, O Lord,
and our hearts are restless till they find rest in you.
Amen.*
